10

The image shows a worksheet for practicing writing the number 10. It consists of four rows, each with a shape on the left and a grid of 10 boxes on the right. The shapes are a diamond, an oval, a heart, and a triangle. Each row is divided by a dashed line, suggesting a space for writing the number 10.

10

This worksheet is designed for practicing the number 10. It consists of four rows, each featuring a different shape on the left and ten boxes on the right. The shapes are an oval, a triangle, a diamond, and a heart. Each row is divided by a dashed line, and the boxes are intended for writing the number 10.
